8 Academic Presentation

8.1 International Conference

1. Hamamura, T. (2010). The Role of Perfectionism, GPA Satisfaction, and Acculturation on Depression among International and Domestic Students. Poster presented at Connecting Mind, an undergraduate research conference in psychology. Richmond, BC, Canada.
2. Hamamura, T. & Laird, P.G., (2013) Impact of Perfectionism and Acculturation on Levels of Depression Experienced by International Students. Poster presented at International Association for Cross-Cultural Psychology, Los Angeles. (Poster)
3. Hamamura, T., & Mearns, J. (2016). Depression and somatic symptoms in Japanese and American college students: negative mood regulation expectancies as a personality predictor. The 31st International Congress of Psychology, Yokohama. (Poster)

4. Hamamura, T., Suganuma, S., Takano, A., Matsumoto, T., & Shimoyama, H. (2018, September). How effective is a brief website intervention with personalized normative feedback among Japanese adults with risky drinking? Findings from a pilot RCT. In A. Takano & T. Baba (Chair), Possibilities and challenges using e-health and m-health for addiction treatment. Symposium conducted at the meeting of at the 19th Congress of International Society for Biomedical Research on Alcoholism, Kyoto, Japan.
5. Hamamura, T., Mearns, J. (2018, June). Music mood induction alters negative alcohol expectancies among Japanese adults with problematic drinking: findings from an Internet Experiment. The 41st Annual RSA Scientific Meeting, San Diego, USA.
6. Hamamura, T. (2018, September). Relationships among expectancies, drinking motivation and problem drinking among Japanese adults: The role of expectancies for negative mood regulation. Poster presented at the 19th Congress of International Society for Biomedical Research on Alcoholism, Kyoto, Japan.
7. Hamamura, T., Kawai, K., Uchimura, Y., Suganuma, S., Sato, K., & Shimoyama, H. (2019, March). Does a self-monitoring mobile app help reduction of problem drinking?: A pilot randomized controlled trial among Japanese problem drinkers. Poster presented at International Congress of Psychological Science, Paris, France.

8.2 Domestic Conference

1. Hamamura, T., Suganuma, S., Ueda, M., & Shimoyama, H. (2017, September). The effect of self-monitoring application on drinking and psychological distress. Poster presented at the 39th Annual Convention of the Japanese Society of Alcohol-Related Problems, Yokohama, Japan.
2. Hamamura, T., Nakamura, A., Yoshida, S., Mearns, J., & Shimoyama, H. (2017, September). The Effect of virtual reality facial feedback on affect and autobiographical recall: A role of negative mood regulation expectancies. Poster presented at the 81st Annual Convention of the Japanese Psychological Association, Kurume, Japan.
3. Hamamura, T. (2018, September). The role of drinking quantity and alcohol expectancies as predictors of alcoholism tendency. Poster presented at the 82nd Annual Convention of the Japanese Psychological Association, Sendai, Japan.
4. Hamamura, T., Honjo, M., Kurokawa, M., Mishima, K., Konishi, T., Nagata, M., & Yoneyama, A. (2019, September). Do Internet addiction types predict smartphone use among adolescents?. Poster presented at the 83rd Annual Convention of the Japanese Psychological Association, Osaka, Japan.
5. Tinting, A., Hamamura, T., Kishimoto, T., & Mearns, J. (2019, September). The Effects of School and Acculturative Stress on Depression and Anxiety Experienced by Chinese International Students in Japan: How Do Negative Mood Regulation Expectancies Moderate these Effects?. Poster presented at the 83rd Annual Convention of the Japanese Psychological Association, Osaka, Japan.
6. Hamamura, T., Honjo, M., Kurokawa, M., Mishima, K., Konishi, T., Nagata, M., & Yoneyama, A. (2019, October). The effects of the smartphone-based intervention on smartphone addiction among secondary school students: a randomized controlled trial using app-recorded measures. Oral presentation at the Japanese Alcohol, Nicotine, & Drug Addiction Conference 2019, Hokkaido, Japan.

9 Funded Research and Grants

- 2016-2017: The University of Tokyo, Graduate Program for Social ICT Global Creative Leaders. Effects on Virtual Reality Facial Feedback on Affect and Autobiographical Memory. (Group Project; Principal Investigator). Grant amount: ¥1,500,000
- 2016-2017: The University of Tokyo, Graduate Program for Social ICT Global Creative Leaders. Effects of Self-Record Smartphone Application on Psychological Symptoms and Drinking Consumption. (Individual Project; Principal Investigator). Grant amount: ¥300,000
- 2017-2019: Grant-in-Aid for JSPS Fellows (DC2), Japan Society for the Promotion of Science. The Cultural and Developmental Role of Negative Mood Regulation Expectancies. (Individual Project; Principal Investigator). Grant amount: ¥2,100,000
- 2017-2018: The University of Tokyo, Graduate Program for Social ICT Global Creative Leaders. Understanding Mechanisms and Functionality of Self-Monitoring App and its Application in Clinical Settings. (Individual Project; Principal Investigator). Grant amount: ¥300,000

- 2017-2018: The University of Tokyo, Graduate Program for Social ICT Global Creative Leaders. Examining Effects of ICT-based Educational Program Using Feedback with Mobile Devices for Reducing Heavy Drinking. (Individual Project; Principal Investigator). Grant amount: ¥300,000
- 2018-2019: The University of Tokyo, Graduate Program for Social ICT Global Creative Leaders. Multi-method approaches for reducing problem drinking: Focusing on application of psychological theories. (Individual Project; Principal Investigator). Grant amount: ¥300,000
- 2018-2019: The University of Tokyo, Graduate Program for Social ICT Global Creative Leaders. Development of a monitoring system using physiological measures for prevention of psychiatric disorders. (Group Project; Principal Investigator). Grant amount: ¥650,000

10 Society Affiliation

- Association of Japanese Clinical Psychology
- Association for Psychological Science
- Japanese Medical Society of Alcohol and Addiction Studies
- Japanese Psychological Association
